

Description of the ORGANIZATION

POLYMETIS Srl is based in Sofia and the partners come from various professional backgrounds. The company is able to transfer knowledge, create new partnerships, select important companies in various fields in order to put at disposal of trainees numerous internships in Italy. In Bulgaria Polymetis has already established numerous contacts with important institutions such as universities, academy, Chamber of Commerce, local councils, regions, consulting agencies etc. And with some of them Polymetis has already implemented important projects.

Polymetis intends to cooperate as external expert with institutions, Ministries, Regions and public bodies in order to plan various projects: trainings and refresher courses, virtual incubators for businesswomen, promotion and development of women entrepreneurship, monitoring, research, vocational guidance, promotion of entrepreneurial values, scholarships, traineeships and tutoring.

Polymetis aims at becoming the key interlocutor with the appropriate institutions in order to define and share its aims, promote networks and partnerships, by fulfilling the twofold objective of giving women a stronger voice, while confirming and underlining the increasing contribution that women always give to the economic and social development of each country.

Polymetis in collaboration with Association of Woman Entrepreneurs in Bulgaria "SELENA" (www.selena-bg-it.eu) supports women entrepreneurs and professionals in their working and entrepreneurial development, through exchange of information, vocational training courses, business meetings, with the internationalization of the business, exchange of good European practical, participation in projects, financed by programs of the EU.

Its main objective is to transfer to Bulgaria the know-how and good practices of other European countries: provides training, support services, consulting in professional career and business development, HR counselling, promoting and co-ordinating access to European funds, providing information on issues and current events promoting the development of women entrepreneurship.

Polymetis in partnership with Association of Woman Entrepreneurs in Bulgaria "SELENA" organized the 1° and 2° International Forum of Women Entrepreneurs in Bulgaria, in collaboration with the Bulgarian Executive Agency for Development and Promotion of SMEs and with the support of the Ministry of Labour and Social Policy and Ministry of Economy and Energy.

Polymetis is also involved in awareness building of employers for integration of disadvantaged groups, the importance of job placement, lifelong guidance activity and also would like to share its national and international experience in integration process of women entrepreneurs into the labour market, introduce its services, training programmes and publications.
